"Well that was a nice landing, wasn't bud?" He asked. The Nightfury wacked him on the head with his tail. I realized that he had a fake tail with a hole in it.

"Well this is going to take a while to fix." The boy mumbers holding up a fake tail fin. "Another Nightfury" I heard Jazzy wisperard. Apparently the dragon heard us. He started to sniff the ground and gave away our hidding place. The boy followed his dragon. His eyes widen.

"Great! Another Vicking tribe to wory about!" What dose he mean? I noticed a saddle. My eyes widend. I hopped over the branch we were hidding behind and slowly walked towards the Night Fury. He growled, Typical Nightfury. I put my hand out andnhe filled the gap, I heard the boy gasp. The other's joined me.
